

Farmingdale Gardening Event

sponsored by the

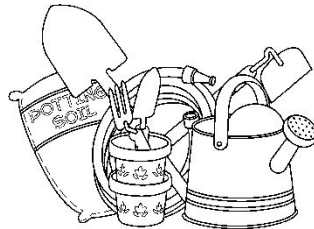

Farmingdale Garden Team

Come spoil the soil with love & watch it grow!!!

On Friday, June 7th from 3:15PM to 4:00PM, students are invited to stay after school to have a healthy snack and sow the seeds of our summer garden.

“School gardens engage students by providing a dynamic environment to observe, discover, experiment, nurture, and learn. They are living laboratories where interdisciplinary lessons are drawn from real life experiences, encouraging students to become active participants in the learning process. School gardens have been shown to increase self-esteem, help students develop a sense of ownership and responsibility, and promote healthy lifestyle choices including increased fruit and vegetable consumption.” - Springfield, MA School Garden Resource Guide

Please fill out student information below to allow participation in the school gardening event and return to the main office. Please pick your child up promptly at 4:00 PM from the school garden.

Student Name: _____
